

# Farm Animals Have Needs

Farm animals are living things that have needs.  
Choose a word in the box and complete the sentences.

food

shelter

shade

water

Animals need \_\_\_\_\_ to eat.

*What food do you like to eat?*

\_\_\_\_\_

Animals need clean \_\_\_\_\_ to drink.

*How much water do you drink? \_\_\_\_\_ cups a day.*

Animals need \_\_\_\_\_ to stay safe from predators.

*How many animals are in this barn? \_\_\_\_\_*

Animals need \_\_\_\_\_ when it gets hot.

*What type of shade is this cow standing under?*

A \_\_\_\_\_.

# Animals Have Needs

Humans and other animals have needs. Circle the things that humans and animals **both** need.

food

shelter

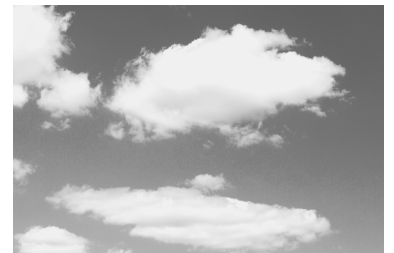

school

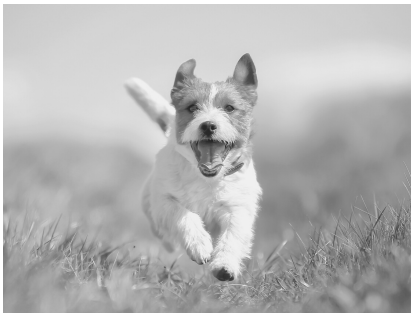

water

transport

fresh air

exercise

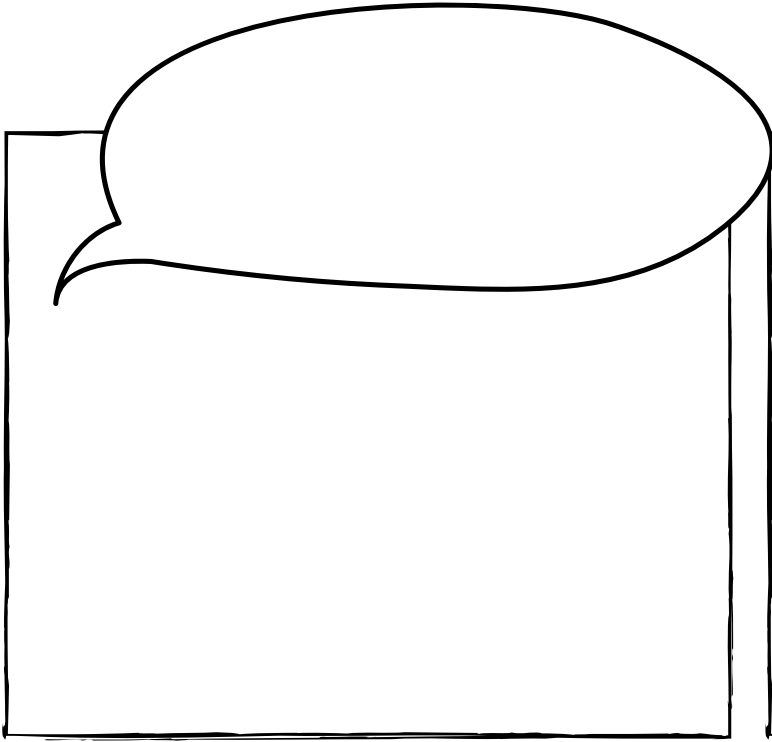

clothes

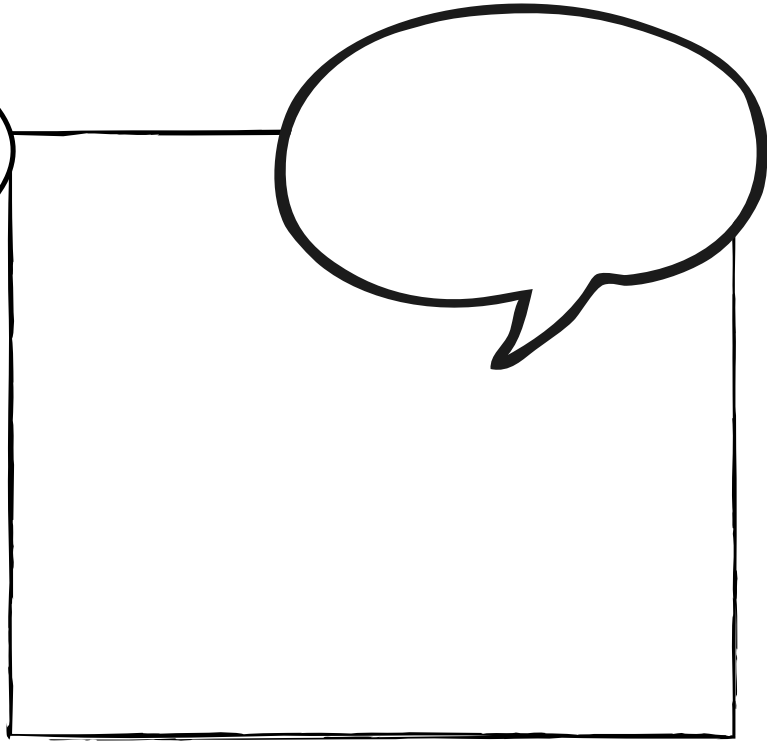

social time

# You Have Feelings

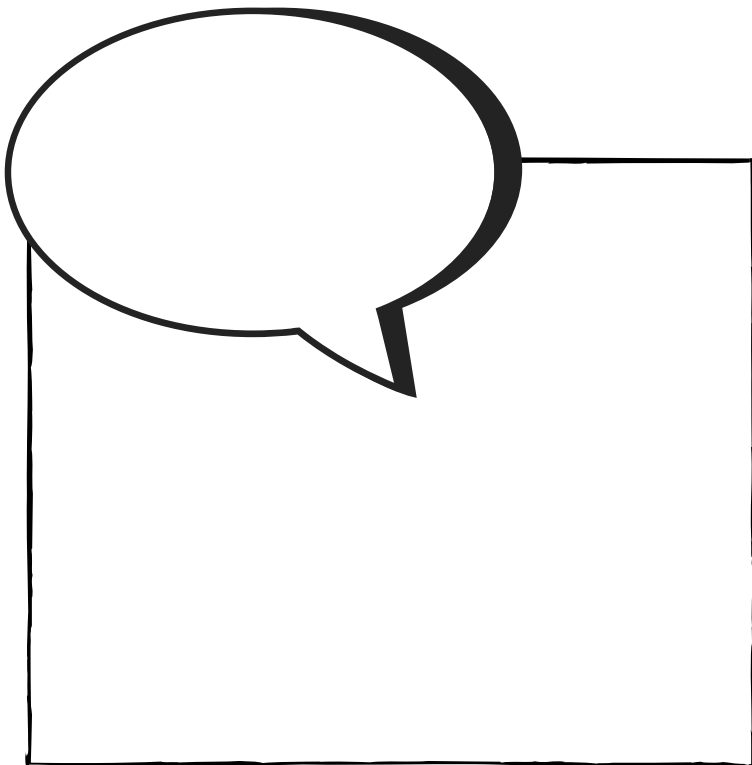

When did you last feel happy, playful, lonely or scared? Draw a picture of yourself below. Write what you are saying in the speech bubble.

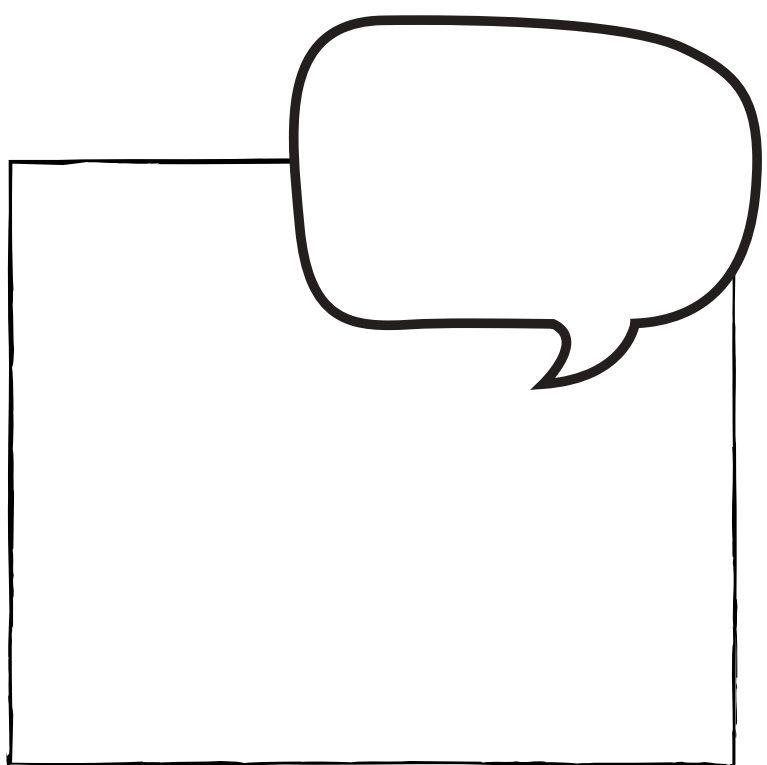

happy

playful

lonely

scared

# Farm Animals Have Feelings

Animals have feelings. They can feel hot, cold, hungry, thirsty, happy, lonely and scared. Circle what these animals are feeling.

playful   scared   cold   happy   hungry   cold

sad   playful   thirsty   scared   happy   lonely

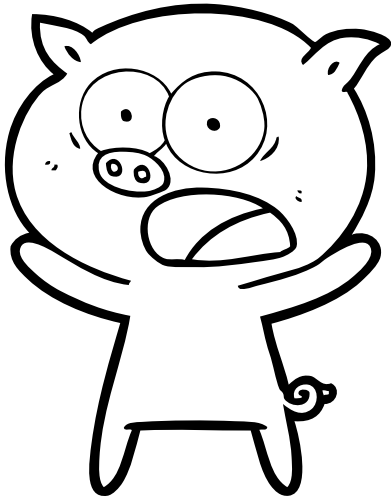

## How can we tell what animals are feeling?

- Pigs wag their tail when they feel happy.
- Lambs bleat when they feel hungry.
- Cows hold their tail between their legs when they feel cold or scared.
- A chicken's comb may turn pale if they feel unwell.
- Animals play and perform natural behaviours, like dust bathing (chickens) and rooting (pigs) when they feel happy and safe.

*Do you have a pet? How can you tell what they are feeling?*

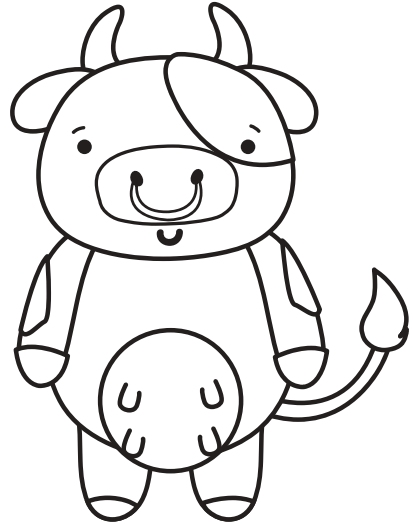

# Animal Drawings

Colour in the animal drawings and write what they are feeling.  
How would they look in real life?

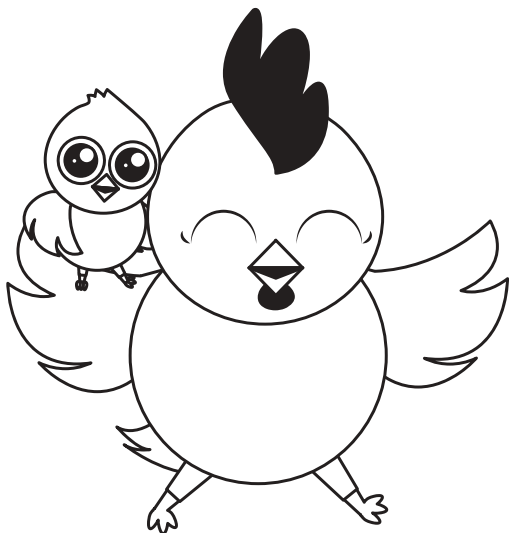

The pig feels

---

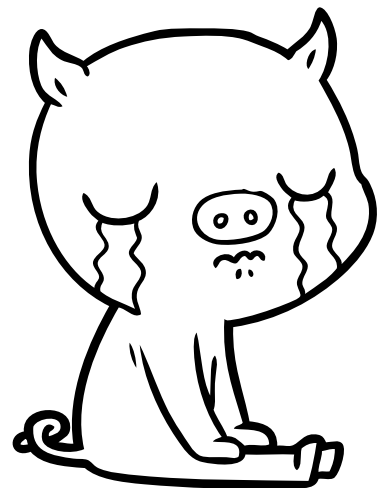

The cow feels

---

The chicken feels

---

The pig feels

---

**Let's think!** Humans draw animals to look more like us. But in real life, animals can show emotions differently to us. What human-like features can you spot in the pictures above?
